EXPERIENCE

Head of SEO (Contractor)

January 2026 – March 2026 (3 months)

Taco Digital · United States

- Led SEO strategy and delivery during a fixed-term engagement, overseeing day-to-day execution, prioritization, and process improvements to stabilize output and align with business goals.
- Designed and implemented n8n-based automation workflows for SEO and content operations, improving scalability, reducing manual effort, and standardizing delivery.
- Developed sales enablement materials (PowerPoint) translating SEO into business impact, defining scope, methodology, and growth opportunities for new-business conversations.

SEO Associate Director

February 2023 – January 2026

Publicis Groupe · Costa Rica

- As a Media Delivery Associate Director, I lead the LATAM SEO Delivery team and oversee technical SEO initiatives across large-scale, multilingual websites.
- Drive technical SEO strategy with a focus on site architecture, crawlability and indexation, Core Web Vitals optimization, structured data, and rendering behavior across JS- and PHP-based environments.
- Lead the adoption of AI-assisted and automated SEO workflows to support technical audits, issue prioritization, and scalable recommendations across markets.
- Collaborate closely with engineering, analytics, and content teams to diagnose complex issues, implement efficient solutions, and deliver measurable organic growth for global brands.

Technical SEO Manager

May 2022 – October 2022

Advision Development · Costa Rica

- Solved complex Technical SEO challenges across large-scale, multilingual architectures, including PHP- and JavaScript-based technology stacks.
- Led technical audits, Core Web Vitals optimization, structured data implementation, log file analysis, and scalable internal linking models to improve organic visibility and crawl efficiency.
- Provided technical SEO guidance for offshore/onshore Sportsbook operations, supporting brands such as SportsbookReview.com, BookmakersReview.com, OddsTrader.com, Predictem.com, and others.
- Partnered closely with development teams to implement architecture improvements, ensure correct rendering and indexation, and drive measurable performance growth across high-traffic environments.

Senior Technical SEO

May 2021 – May 2022

Advision Development · Santa Ana, San Jose, Costa Rica

- Led Technical SEO strategy and execution, optimizing site performance, crawlability, and indexation.
- Partnered with development and content teams to implement scalable technical solutions, driving improvements in organic visibility and search performance.

Senior Technical SEO

May 2020 – April 2021

The Strategic Group · San José, Costa Rica

- Page speed monitoring and improvement.
- Code improvement and optimization (PHP and ReactJS).
- On-page optimization (metadata, internal links, etc.).
- Implementation, improvement and maintenance of Schema Markup.
- Sitemaps.xml and .zip structure optimization.
- Highlight: recovered a brand website from an algorithmic penalty caused by a low-quality link purchase.

Senior Technical SEO (Contractor)

February 2018 – April 2020

Tripadvisor · Remote

- Code improvement and optimization (PHP).
- On-page optimization (metadata, internal links, etc.).
- Improved web rendering.
- Implementation, improvement and maintenance of Schema Markup.
- Sitemaps.xml and .zip structure optimization.

Mid SEO & Web Analytics

February 2016 – February 2018

SBR NetMarketing and Consulting S.A · Santa Ana, Costa Rica

- Code improvement and optimization (PHP).
- Migration of old site to ReactJS.
- On-page optimization (metadata, internal links, etc.).
- Improved web rendering.
- Implementation, improvement and maintenance of Schema Markup.
- Collaborated on Google Tag Manager implementation and exporting data to Data Studio.

Junior SEO

February 2009 – March 2013

DayStar Properties

- Basic SEO optimization focused on WP CMS.
- Reporting updates to SEO Manager.
- Metadata (title/descriptions) optimization.
- Competitors audit.
